Gingerbread man chain, bow tie

1. Cut out the whole strip along the outside line.
2. Fold along every dotted line, forwards then backwards, like a fan.
3. Keep it folded. Cut around the gingerbread man, but do NOT cut the folds where his hands are.
4. Open it out. They are holding hands.

fold fold fold

fold fold fold

Print on A4 at 100 percent. Thin card holds the folds better than paper. Tape two chains together to make a longer one.
